

University of California, San Diego

Thurgood Marshall College

Priority Posting of Degree

Students may request Priority Posting to expedite posting of their degree to their academic record. Please note that **all** graduation requirements must be satisfied and approved by your major department, minor department (as applicable), college, and Office of the Registrar before a degree can be posted to your academic record. **The deadline to submit a priority posting request is by Friday finals week of your expected quarter of graduation.** This guarantees that your finalized audit is sent to the Records Office with priority posting. If you are submitting your priority posting via e-mail, please send documentation to tmcadvising@ucsd.edu.

If you have outstanding requirements (indicated in "red" on your degree audit), it is your responsibility to contact the appropriate office to resolve any deficiencies. Once your degree has been posted to your record, final official transcripts can be ordered in-person or on-line via the Office of the Registrar at <http://www.registrar.ucsd.edu>.

Name: _____

PID: _____

Telephone: _____

E-mail address: _____

Graduation Quarter

- Fall _____
- Winter _____
- Spring _____
- Summer _____
