WHAT IS THE ACADEMIC INTERNSHIP PROGRAM?

The Academic Internship Program offers students an opportunity to apply their academic knowledge and analytical skills in diverse professional settings while earning academic credit.

WHAT DO I GAIN?

- Practical Experience
- Career Clarification
- Professional Contacts
- Transcript Notation
- Upper-division Elective Units
- A Chance to Apply Classroom Theory

ELIGIBILITY REQUIREMENTS:

- 90 units completed
- Minimum 2.5 UC GPA

EXPERIENCE

WHY PLAN NOW?

It is important to plan for an internship with your academic advisors, so that you can use the units to fulfill upper-division, general elective requirements. Some departments will allow an academic internship to count toward your major. Also, it is helpful to take appropriate upper-division courses for the type of internships in which you are interested.

WHAT ARE THE REQUIREMENTS?

- 4 units = 10 hours/week + 10 pg. paper/project
- 8 units = 20 hours/week + 20 pg. paper/project
- 12 units = 30 hours/week + 30 pg. paper/project

HOW DOES IT WORK?

Once you are eligible, visit the AIP office to get started. You'll need to apply the quarter prior to your internship. We begin accepting applications the second week of each quarter until the sixth week. Visit AIP’s website for deadline details and info on special programs. You may also apply to earn credit for an internship you have found on your own if it meets AIP’s guidelines. Contact our office for more information on this option.
