UC San Diego: Reserving Your Fall Quarter Textbooks

Here's why you should reserve your textbooks

6 reasons

• The service is FREE.
• It's so easy to reserve them.
• You get first choice on less expensive used texts.
• You'll avoid the crowds of students during the first week of classes.
• You won't have to stand in long register lines.
• You'll pick them up during Move-In Weekend September 17 & 18
  - conveniently boxed and ready to go.

Go to it's fast & easy bookstore.ucsd.edu/trs

FAQs important stuff

1 When should I go online to reserve my texts?
As early as June 11. You don’t even have to be registered for your classes yet. The Bookstore will hold your reservation until their automated system notifies them that you have registered, then your reservation is processed sometime in Aug. or Sept.

2 How do I know what I need?
You can see book lists for every section you’re enrolled in; just log into TritonLink via WebReg and click the “All My Books” button. Or, for an individual section, click the red book icon in the Schedule of Classes.

3 What if my schedule changes?
No problem. Your reservation allows the Bookstore to access your class schedule through the Registrar’s Office. When they pack your texts, they’ll use your most current schedule.

4 What if I register after September 18?
The Bookstore can still help you. Bring a print-out of your class schedule to their Textbook Department (first floor) and a staff member will personally help you locate your books. Most of them are students just like you!

5 If I don’t use the Textbook Reservation Service how do I find my textbooks?
3 choices: (1) Go to the Textbook Department located on the first floor of the UCSD Bookstore. The shelves are arranged by academic departments. Shelf tags identify Required, Recommended, and Optional books. Your class schedule can help you find your books. The Bookstore staff can help you too. (2) Rent from the Bookstore (3) Use their TtXpress service. (For choices two and three visit http://bookstore.ucsd.edu/books/textbooks/)
