

Library Orientation: Week 2

Fall Quarter 2007

CLICS is the Center for Library and Instructional Computing Services, located in Galbraith Hall on the Revelle campus. DOC's library orientation sessions at CLICS are scheduled at times that correspond to your DOC discussion section. Signs inside CLICS will direct you to the correct room. Your TA will be at CLICS and will take attendance there. **Bring the Writing Exercise #2 handout with you to CLICS.**

If your regular DOC section meets on **Wednesdays**, you're scheduled to go to Library Orientation at that same time on **Friday** of Week 2. If your DOC section meets on **Thursdays**, your Library Orientation will be on **Tuesday** of Week 2. If your DOC section meets on **Fridays**, you'll go to Library Orientation on **Wednesday** of Week 2. So for Week 2, you will have a library orientation plus your DOC section at the regular time, in the regular room.

To see when your DOC section will go to CLICS, find your section number below.

If you cannot attend the orientation at CLICS during your section's scheduled time, try to attend when your TA will be there. If you cannot attend your TA's other time, choose another session that fits into your schedule. **If** your TA is not there, ask a DOC TA in attendance to sign an attendance slip for you – the pink slips will be available in the CLICS room. Return the signed slip to your TA. This is a great orientation to UCSD's library system! Enjoy.
