## SCHOLARSHIP APPLICATION 2018-2019

DEADLINE TO APPLY: FRIDAY, APRIL 13, 2018

Marshall College Undergraduate Research Scholarships encourage outstanding Marshall students to engage in scholarly research, creative expression, or public service projects. These scholarships provide support of up to \$1,000 to subsidize travel, supplies, equipment, and other costs associated with these endeavors. Marshall students from all majors are eligible to apply. U.S. citizenship is not a requirement. Up to ten scholarships will be awarded annually. Applications will be evaluated by a panel of Marshall College faculty from a variety of disciplines. A faculty sponsor must be secured by the applicant, and the sponsor must approve the overall project and budgetary request. All recipients will be required to submit an analytical paper (in addition to any physical project that might result). The project and paper must be completed while the student is a UCSD undergraduate and before May 17, 2019. Students who successfully complete the project will be honored at the annual Marshall College Scholar and Citizen Celebration in spring 2019.

### Applicant Criteria:

- Current Marshall student through 2017-2018 academic year
- Minimum cumulative UCSD GPA of 3.0
- Upper division status: a minimum of 90 units completed at the time of application
- Note: Marshall College transfer students are eligible to apply after completing 24 UCSD units with a cumulative UCSD GPA of 3.0

Applicants may submit only one research application per academic year. Applications may be printed from <https://marshall.ucsd.edu/programs/scholarships.html>.

**Project Prerequisite:** The project proposal must be independent research, creative expression, or service for work above and beyond the normal course of study, unless the project overlaps with research associated with a senior honors project or independent/special studies. The subject matter of the research project does not have to be related to the student's major, minor, or other coursework. Before applying, applicants must secure a faculty sponsor who must approve the project and budget and will advise during the research process. The faculty sponsor must be a member of the UC San Diego Academic Senate.

**Term of Award:** The research project must be completed during the 2018-2019 academic year while the applicant is a UCSD undergraduate. The final paper and financial report are due to the Office of the Provost and the faculty sponsor on May 17, 2019. Students may reapply for a scholarship the following year.

**Amount:** The amount of the research scholarship will be based upon the budget approved by the faculty sponsor. Budgeted items may include equipment, supplies, books, and travel and subsistence expenses related to the project. Awards will be paid in August 2018 and will not affect any existing grants or financial aid. Students who receive financial aid should inform the Marshall College Provost office at the time of the award announcement to ensure that aid is not affected by the award. The recipient must complete the project and submit an analytical paper before May 17, 2019 or the amount of the scholarship will be deducted from the recipient's student account and the student will be billed for the funds.
